- m. NACLC/Tier 3 Investigation (Soldiers with a current revoked, denied, no determination made, or suspended security clearance, who failed to attain or maintain favorable NACLC/tier 3 investigation or higher, are not eligible to apply for these positions).
- n. In accordance with DoD Government Travel Charge Card Regulations dated March 2022, all DoD personnel are required to have an individual government travel card.
- o. Applicants will be required to have a passing record ACFT/AFT within six months of packet submission beginning 1 April 2023.

2. ADDITIONAL PREFERENCES:

- Previous HRF, CASE, or CBRN-TF experience preferred.

DESIRED COMPETENCIES AND KNOWLEDGE

- 100% Individual Training Requirements Matrix (ITRM) complete for CBRN-TF DECON preferred.

3. APPLICATION PROCEDURES: ALL APPLICANTS will submit:

- A copy of this announcement
- FTNGD-OS Checklist (dated 15 September 2026)

It is the Applicants responsibility to submit their completed packet to AGR Branch.

Applicants will forward their application to their full-time unit representative for required documents and endorsement. **In order to meet the submission deadline (Expiration date), allow ample time to obtain documents pertaining to your packet. Do not send the request to your unit on the expiration date as this will not meet the deadline. Any missing documentation requires a letter regarding the circumstances be enclosed in the application packet.

Submit packets as **ONE Adobe File (*.pdf)** (Portfolio format not accepted)

Use Subject Line as follows: Announcement Number, Title of Position, and Applicant's Name.

Application Name: Vacancy Number, Last Name, First Name (e.g., FTNGD-OS 26-133_Smith, Joe)

Email applications to: ng.ma.maarng.mbx.agr-jobs@army.mil

(Applications will be reviewed within 72 business hours of receipt, or NLT day after the Job closes)

ALLOW YOURSELF AMPLE TIME TO COMPLETE ALL OF THE ABOVE ACTIONS

4. DUTIES AND RESPONSIBILITIES:

- Responsible for the rapid setup, operation, and teardown of the technical, mass, and casualty decontamination lines in support of CBRN response missions.
- Report daily to the DECON Section NCOIC on equipment serviceability, chemical reagent inventory, and team training readiness.
- Updates, maintains, and inspects individual and team Personal Protective Equipment (PPE), ensuring Level A, B, and C suits and respirators are fully mission-capable.
- Processes, monitors, and safely decontaminates casualties, response personnel, sensitive equipment, and tactical vehicles exiting the hazard area (Hot Zone).
- Actively participates in various training events, live-agent exercises, and evaluations to maintain technical proficiency in specialized decontamination procedures.
- Preparation and distribution of daily DECON asset status reports, consumable inventory logs, and equipment maintenance records.
- Responsible for initiating, executing, and supervising proper site safety procedures, including the monitoring of stay-times and heat stress for personnel in PPE.
- Acts in the absence of the DECON Team Leader to ensure all decontamination lane operations and safety protocols are strictly managed.

- Serves as the primary executor of hazard mitigation at the Hot/Warm Zone boundary; coordinates safe patient handoff with medical triaging personnel.
- Suggest and develop methods to streamline decontamination lane throughput, minimize water waste, and improve patient processing times.
- Manages the safe handling, containment, and disposal of hazardous runoff, contaminated runoff water, and discarded contaminated materials.
- Establishes and maintains physical barriers, warning signs, and control points to delineate the Cold, Warm, and Hot zones of the decontamination site.
- Assists with maintaining the DECON Operations Battle Book, equipment technical manuals, and chemical material safety data sheets (SDS); updates as required.
- Updates DECON lane layout diagrams, equipment checklists, and standard operating procedures (SOPs) based on lessons learned from exercises.
- Maintains steady-state equipment readiness, monitors weather patterns impacting chemical runoff, and maintains shared situational awareness of regional hazards.
- All other duties as assigned.
